Subject: Madera General Plan

I am writing on behalf of about 12 parcel owners who are in the area bordered by Ave 12 and Ave 13 and RD 25 and RD 26 in Madera Calif. regarding the Madera General Plan. In this area there are 6 parcels that are either currently being used or are in process of being used for industrial use. There are 14 parcels that are currently being used for ag uses. Of those 14 parcels I have spoke with owners of 12 of these parcels who wish to remain in ag use. These owners also strongly oppose the Olive Business Park plan that has been proposed.

In short we would like this area to remain in ag use for the indefinite future. Please help us make the General Plan reflect this vision for our community.

Ryan Gutile
Land owner on Ave 12 1/2
